Russia Fact

There are 10 million more women than men - possibly because of the many deaths during WWII.

Upcoming Events

June 21st
(Our Fifth
Anniversary)

Memories from May

Not two days after we presented the current Dorcas Project to one of our partnered churches did God provide for some of that need through a wonderful Christian couple who were having a missions-benefitting garage sale. (Lodi, OH)

Katrina attended three mother-daughter banquets this year and spoke at two of them. It was great to see three of our supporting churches during these events. (Curwensville, PA)

We are trying to wrap up the rest of our support! All we need is about \$250 more each month to reach our minimum goal.

God has been so good to us throughout these 2 years. (Venango, PA)

Praises

 Deputation is almost done!

Prayer Requests

 For the salvation of Russian leaders and for the safety of missionaries serving there.

 That the missionary duplex building project in Ukraine gets privatized and approved.

 That we will be able to find an apartment to rent within our budget - and close enough to the church and public transportation.

 Pray for our ministry partners as they are working to quickly plant a church in Ireland amongst Russian-speaking people there [no joke!] after having received a request for someone to start a church near Dublin.

Wrapping up Deputation

It is hard to believe that it's finally over. The thought is actually bittersweet. I don't think we would trade anything for the chance to meet so many wonderful people and see God work in special ways throughout these two years. With all of that in mind, we are actually going to celebrate everything God has done, with anyone who would like to join us, on June 2nd at Riverside Park in Greenville, Pennsylvania from 5pm to 8pm.

Recently, we were asked, "Now that it's basically over, will you miss anything about deputation?" Immediately what came to mind is the wonderful chance we have had to meet people whose hearts God had touched with an unexplainable love for our family. There is always a sense of stress, trying to put on your best while visiting churches and present the ministry in the best way - but then there are those families and individuals who care about us. They are not watching our performance. They are lovingly looking at us as people.

We don't have to try and win their approval. We already have it because we share a common cause and a common love for Christ. The time with those dear friends is never long enough. We will truly miss opportunities to see people like that, until we return on furlough.
