## WHAT MAKES US SO DIFFERENT?

### 1. EXPERIENCE

We have both been to the field multiple times already. In fact, Katrina grew up in a missionary family on Ukrainian border with Russia and learned to speak Russian fluently. Having one member of the family already culturally and linguistically prepared is a tremendous advantage. Jonathan has made two multi-month mission trips into Russia and has worked with missionaries already working in Russia.

### 2. OPPORTUNITY

Instead of flying back and forth across the Atlantic Ocean, wasting precious time and money, we will be investing ourselves more efficiently by:

- Working in a nearby, already established church with the same language and culture while renewing our visas.
- Seeking to obtain a permanent residency which will give us 3-5 years of uninterrupted ministry.

### 3. METHOD

In accordance with Biblical principle, we will be taking a common-sense approach to reaching and teaching the souls in Russia. With long-term results in mind, we endeavor to build a strong, self-replicating church.

## WHAT WE BELIEVE

- ✓ We are independent Baptists who believe that the King James Version is God's perfect and inspired Word for English-speaking people.
- ✓ We believe in the Biblical fundamentals that Baptists have historically adhered to.
- ✓ We believe in ecclesiastical separation from those who teach un-Biblical doctrines.
- ✓ We believe in Biblical separation from the world for the purpose of representing our Lord and His work in our lives as believers.

## HOME CHURCH

Grace Baptist Church under Pastor Keith Troyer is an independent, fundamental Baptist church that strongly stands upon the King James Bible and Biblical convictions concerning conservative, Christian music and dress standards. Our pastor is our earthly authority to whom we answer to in addition to the Word of God and leading of the Holy Spirit.
